

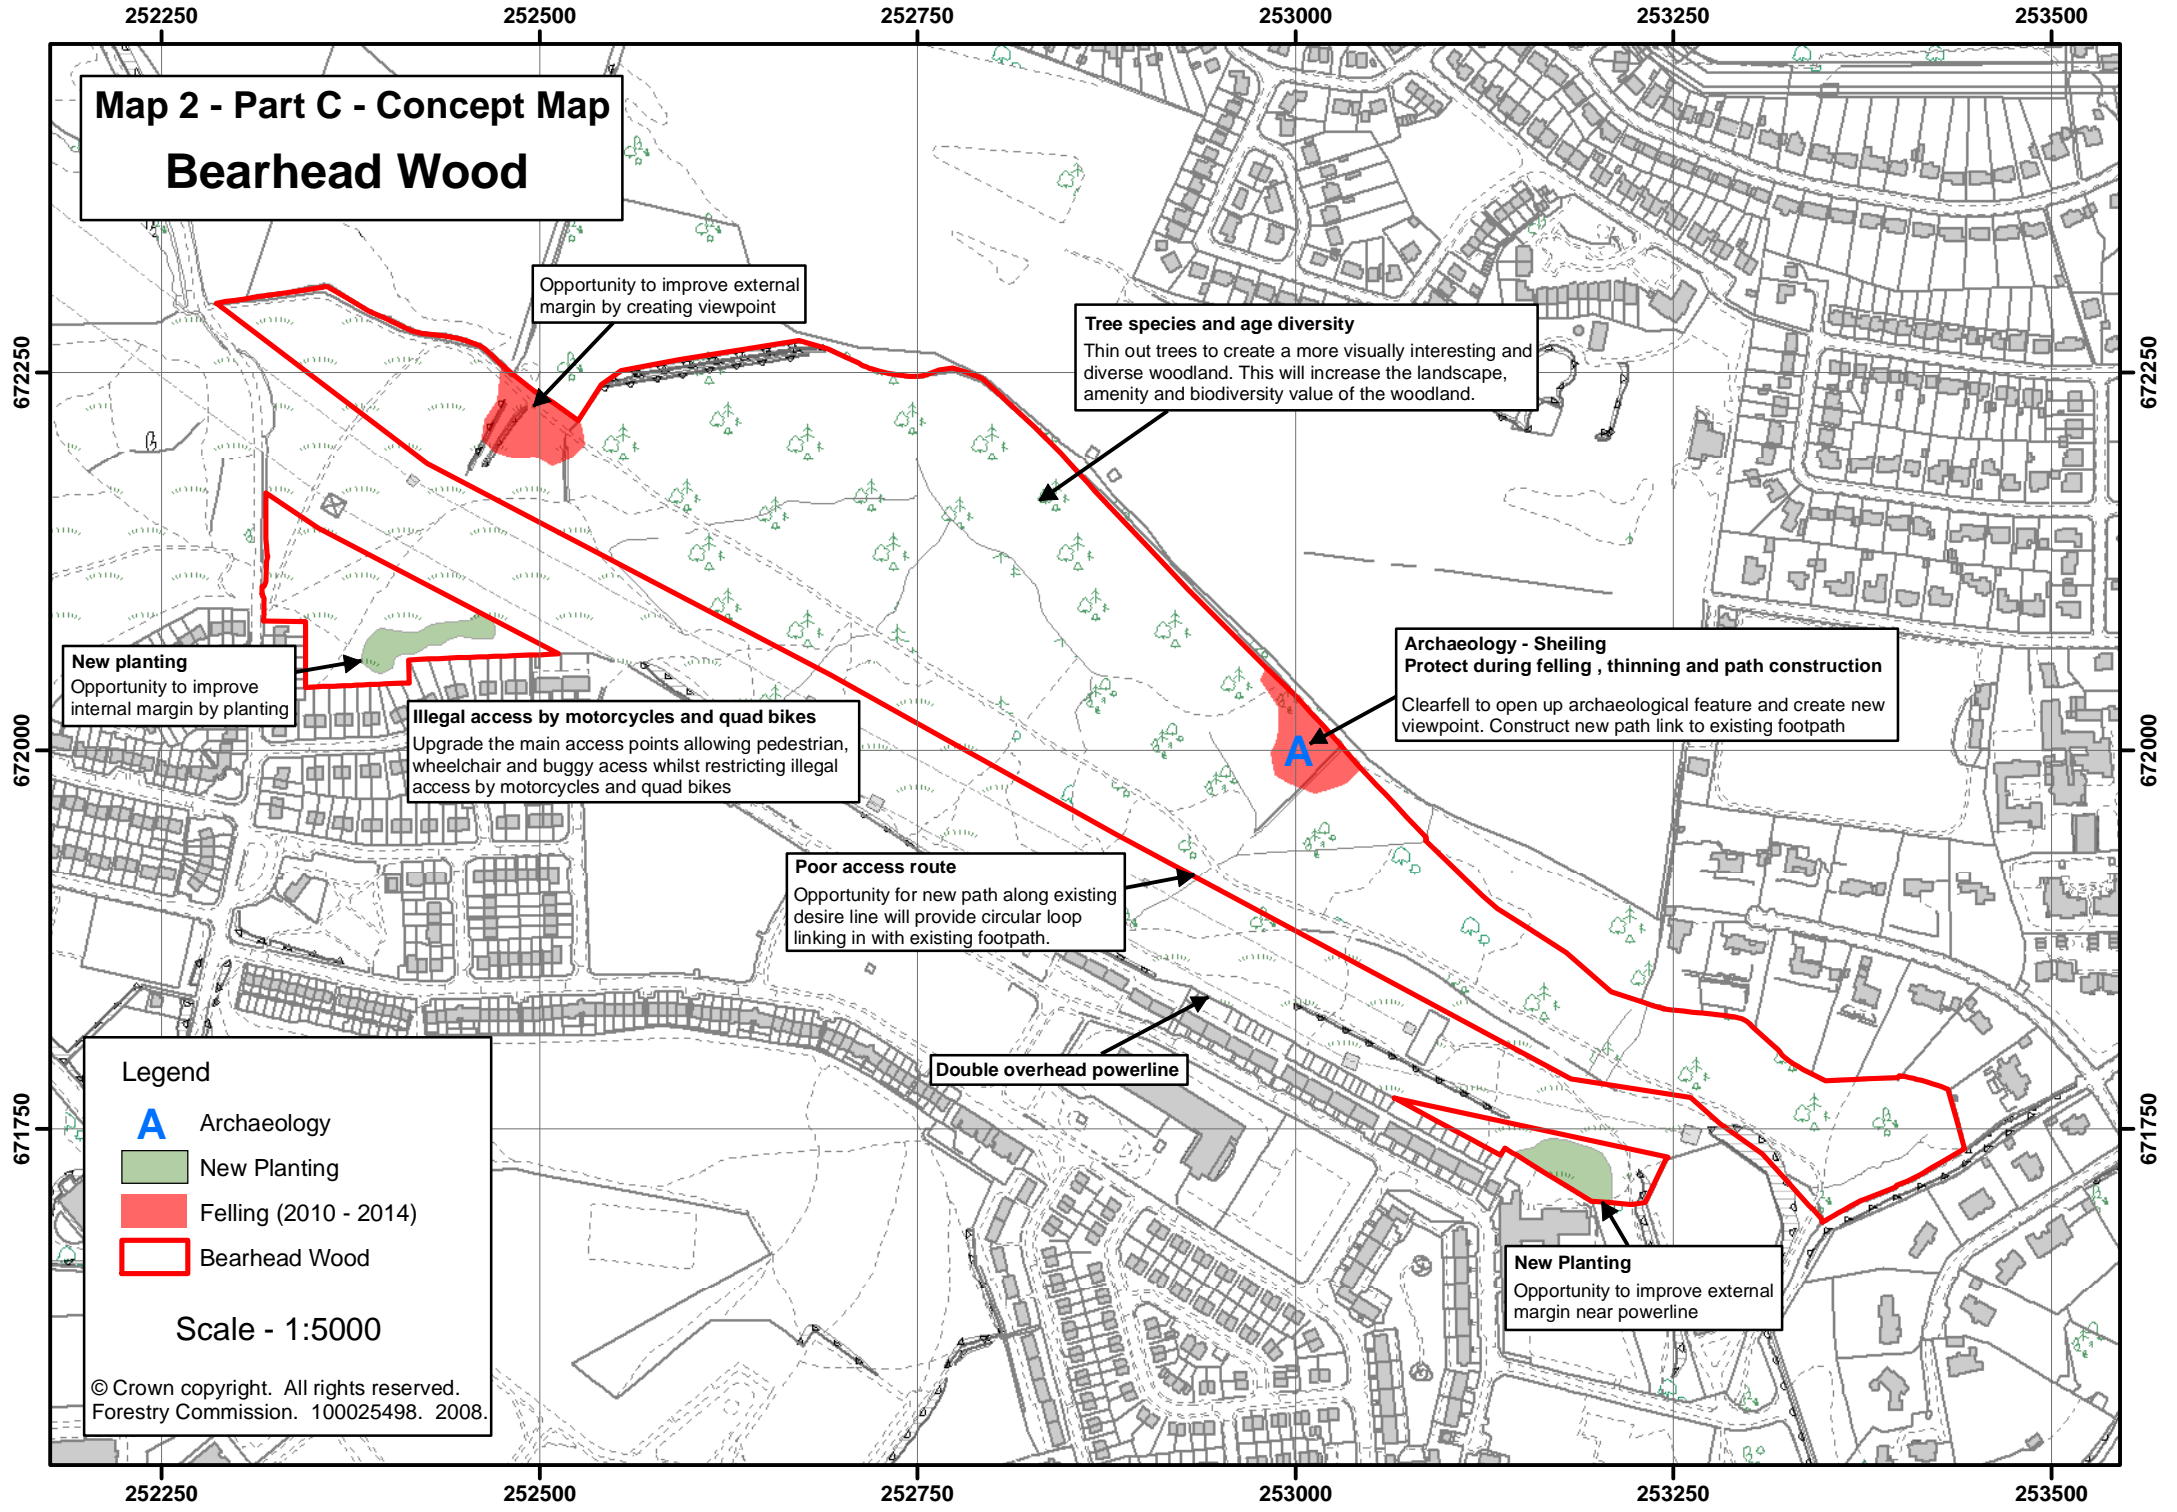

# Map 2 - Part C - Concept Map Bearhead Wood

**Opportunity to improve external margin by creating viewpoint**

**Tree species and age diversity**  
Thin out trees to create a more visually interesting and diverse woodland. This will increase the landscape, amenity and biodiversity value of the woodland.

**New planting**  
Opportunity to improve internal margin by planting

**Illegal access by motorcycles and quad bikes**  
Upgrade the main access points allowing pedestrian, wheelchair and buggy access whilst restricting illegal access by motorcycles and quad bikes

**Archaeology - Sheiling**  
Protect during felling, thinning and path construction  
Clearfell to open up archaeological feature and create new viewpoint. Construct new path link to existing footpath

**Poor access route**  
Opportunity for new path along existing desire line will provide circular loop linking in with existing footpath.

**Double overhead powerline**

**New Planting**  
Opportunity to improve external margin near powerline

**Legend**

- A Archaeology
- New Planting
- Felling (2010 - 2014)
- Bearhead Wood

**Scale - 1:5000**
