Hi Yvonne

There are 1047 applicants who have applied to live in Smithton - good demand for 1 and 2 beds in particular.

There are 1661 applicants who have applied to live in Culloden - again high demand for 1 and 2 bed in particular

Hope this helps

Thanks Nat

Nats

I'm in the middle of completing an application to the Forestry Commission to allow us to purchase a site from them in Smithton and I need supporting information on waiting list numbers – can you get a report that covers Smithton specifically and then perhaps a second report that broadens the list to Culloden/Balloch?

Give me a shout if this isn't possible.

Thanks  
Yvonne
