We feel the Rally proposal confuses some of the key messages coming out of the L.P. e.g. no motorised vehicular access we are not keen to support this especially because of the timing.	It could be reviewed in the future		
	Feed this decision back to FCW	Robert	26/04/06
It is important to get the County Council involved in the process	Feedback to Anglesey C.C. that their involvement in the consultation process has been inadequate	Simon H	A.S.A.P.

Concerns about the Rally (November)

- Wrecking horses tracks
- would set a president for motorised vehicles in the forest
- concern about safety on the roads
- impact on wildlife
- goes against recommendation of L.P.
- would require maintaining the roads
- environmental issues

Positives

- a good 'day-out' for participants and locals
- publicise Newbrough
- could bring money in
- might be of interest to young people, locally

Future Role of the Liaison Partnership

- Getting organisation to use our (recommendations)
- Hear from similar partnerships
