

# Assessing the Sustainability Impacts of Forest Management in Northern Europe

## Concluding remarks

---

Bill Mason  
Forest Research

- **N** - **N**egotiation between land uses (language);
- **O** - **O**bjectivity and evidence base;
- **R** - **R**isks of untested policy; e.g. Welsh aspiration to 50% CCF;
- **T** - **T**ime factor; need for **T**esting;
- **O** - **O**utputs (process vs data – economics);
- **S** - **S**cenarios; definition of **S**patial **S**cope and **S**cale;
- **I** - **I**nformation and **I**ndicators (data and model reliability);
- **A** - **A**ccuracy, **A**nalysis, and **A**pplication.

## Thank you to a number of people and organisations;

- Stefania Pizzirani;
- Evelyn Hall;
- All the speakers;
- Hamish Trench and colleagues from the Cairngorms National Park Authority;
- Steve Smith and colleagues from the Inverness, Ross and Skye Forest District of Forestry Commission Scotland;
- All of you for coming to this meeting, some from far away.

SAFE JOURNEY HOME AND PLEASE REMEMBER THE FEEDBACK FORMS.
