

Help us to manage Welsh Assembly Government Woodlands

Feedback form for horse riders/carriage drivers to report problems on designated routes, purpose built car parks or facilities in Welsh Assembly Government woodlands.

Please remember that designated bridleways are the responsibility of the local council.

However, the Forestry Commission is responsible for the removal from Bridleways of obstructions such as fallen trees or encroaching vegetation which inhibit access.

If you come across any problems on designated routes or purpose built car parks and facilities, please either report them direct to the relevant Forest District Office or use this form so that the matter can be investigated.

Where is the problem? Please give OS grid ref if possible, otherwise name of forest and brief description of location.	
What is the problem?	
Date of discovery	
Name & contact details	
Date notified	

Please e-mail to: fcwenquiries@forestry.gsi.gov.uk or phone 0845 604 0845

Thank you for your help
