

BRODSWORTH

COMMUNITY WOODLAND

This picturesque woodland is rapidly developing into one of the most attractive wildlife sites in the region. With its mixture of mature broadleaf woodland, newly planted trees, large open meadows and a scenic wetland valley, Brodsworth is renowned for its diversity of wildlife. There are also some fascinating and intriguing sculptures nestling around the 99 hectare site. The woodland allows you to escape from the hustle & bustle of daily life only a step away from your backdoor.

LOCATION

Follow the A638 (Great North Road) away from Doncaster through Woodlands, after the shops you will go straight through one set of traffic lights. Take the next left onto Long Lands Lane. Follow the lane round a sharp bend to the right. Take the third road on your left and follow to site car park (if you get to Markham Grange Nursery you have passed the site entrance).
