

Forestry Commission Equality Impact Assessment Publishing Template

Name of policy, function or service

Closure of the National Office for FC England based in Cambridge and the related policies pertaining to the closure.

Purpose and aim(s) of the policy, function or service

To create one National Office for England based in Bristol by closing the current office in Cambridge and relocating jobs and staff, where able, to Bristol.

Who will benefit mainly from this policy, function or service?

The wider Forestry Commission England, our stakeholders and our customers.

Information and Data (evidence) used

Information on our existing staff affected by this change in Cambridge, information obtained through individual discussions with staff, information from out trade union side (FCTU) and our statistics for FC England.

Summary of Impact

A better insight into the impact the closure of the Cambridge Office will have on our workforce and what can be done to address this.

Monitoring/Evaluation

Regular monitoring via reports generated for the England Executive Project Board.
