Subject: Consultation on Forestry Provisions in the Scottish Climate Change Bill

Dear Ms Kirk,

The Role of Forests in Climate Change
Consultation on Forestry Provisions in the Scottish Climate Change Bill

I refer to your recent letter concerning the above consultation on Forestry Provisions in the Scottish Climate Change Bill which was received by our Chief Executive's Office on 10th November 2008.

This consultation largely relates to management and organisational issues within the public and private forestry sector. The City of Edinburgh Council does not have a direct role or interest in this area and therefore we do not think that it is appropriate for the Council to submit a formal response to you.

However, can I take this opportunity to thank you for circulating your consultation to us.

Yours sincerely,

James Garry
