Subject: Climate Change Bill

Sir,I am writing to object to the Scottish governments proposal under the above Proposed legislation to lease out the Scottish Forest Estate (or part thereof) to private forestry interests.I do not beleive that this would be in the best interests of the Scottish People and I do not beleive that it could be properly managed.The forests of Scotland are widely used for all sorts of uses and they play a vital role in the economies of some of our more fragile areas.Through the Forestry Commission the Scottish Government has a vested interest in this land use and to potentially waste the excellent work that has been done to date ,on such a hair brained scheme, would be short sighted to say the least.

Yours Faithfully,

D.F.R.Evans.
