

Wish you were here...?

Woof woof and hello to \_\_\_\_\_

Having a wag-tastic time with my human at \_\_\_\_\_

This Forestry Commission woodland is soooo dog-friendly... my tail's nearly wagged off with all the fun and exercise!

Sure I was on lead a bit to keep me safe, but there's lots of places where you can run, fetch, splash and sniff.

Why not join me here or at a Forestry Commission wood near you? Lotsa choice... some woods are quiet, others have refreshments and loos. Must go, so much to do!

Yours \_\_\_\_\_ the dog.

**Be your dog's best friend!**
