

WOOD TECHNOLOGY ASSESSMENT LEVEL C

Name Date

1. Give the names of two of the following:

hardwoods
.....

softwoods
.....

2. Give an example of something that each of your chosen woods could be used for:

Name of wood..... used for.....

Name of wood..... used for.....

Name of wood..... used for.....

Name of wood..... used for.....

3. On a separate piece of paper draw a diagram to show the stages necessary to get from planting a tree through to making something of your choice from wood.

4. If you saw the letters **FSC** on a piece of wood, what would that tell you?

.....
.....
.....
.....
.....

5. "...because we have new machines that cut down trees very quickly and there is an increased demand for wood, this means we have to be careful how we manage our forests so that they are sustainable."

What do you understand by this?

.....
.....
.....
.....
.....
