

Discovery Challenge

Can you play a tune with a stick on a tree?
Can others guess what tune it is?

Can you make thunder with your fists on
the ground?

Draw the things you can hear in the space
below.

Family Discovery Activities

All Ears

Everyone be very quiet.
Close your eyes.
What can you hear?

Can you make a rustling sound with the leaves? Or even a leaf storm by picking up armfuls of leaves and just throwing them in the air!

Find your very own "magic spot" in the forest to do your listening – try staying there for 5 minutes and you may hear some animals!
