

Grants and Regulations National Email Alert

26 January 2014

Preliminary Countryside Stewardship: Woodland Funding Events

Preliminary Countryside Stewardship: woodland funding is due to open for applications in February. We are therefore planning a number of events throughout England where you can gain an understanding of what is available and how the scheme will be administered.

The events will cover the four option groups that will be available:

- Woodland Creation
- Woodland Management Plans
- Woodland Tree Health – Restoration
- Woodland Tree Health - Improvement

General information will be provided on the Preliminary Woodland Offer as well as specific information on the application process including application windows and deadlines and the scoring process for woodland creation. Individual events will cover other items relevant to that Area.

Dates for each event are given below. For further details and to book places please contact the relevant local area office or visit the website using the details provided below as soon as possible. When getting in touch via email please provide your full name, the venue that you wish to attend and a phone number. Please note that spaces at all events are limited.
