

Ranger In A Bag

These resource backpacks provide all you need to run your own successful educational visit in the forest.

Each bag contains:

- equipment, games and resources for a class of up to 35 children
- a programme suitable for children aged 4 - 11 years old
- suggested activities for a half day session

Amazing Animals

A selection of clues and evidence left behind by forest animals and birds, as well as a mini beast search in the forest habitat, will inspire the detectives and naturalists within your group.

Natural Art

Get creative and explore the forest through a variety of arty activities – even the least artistic will find success in using natural materials to create sculpture and colourful woodland masterpieces.

Fantastic Forests

Get to know the trees intimately, by exploring them whilst blindfolded, then look more closely at their structure to identify them and understand their importance.

Sensory Explorers

A fun packed activity walk to stimulate children's senses. See, hear, touch, smell, discover and learn.

Charges:

£35 for one activity bag; £50 for two activity bags

Hire two bags of your choice to make your own full day programme

To find out more about these resource backpacks and to arrange a pre-visit meeting with a member of our Learning Team please contact:
