PRELIMINARY
CATALOGUE

of the Twenty-Second Hardwood Timber Auction
26th November 2009
at 2.00p.m

in 50 Lots

Totalling about 20,000 cu.m
from England and Wales
at The Great Oak Hall,
Westonbirt Arboretum
Gloucestershire

GENERAL CONDITIONS OF SALE – WESTONBIRT AUCTION 2009

1. The sale of each Lot offered at this auction is subject to the printed conditions contained in this catalogue and each Lot sold will be subject to either a Forestry Commission Standard Contract or a Memorandum of Agreement and Standard Conditions of Sale, dependant on the Vendor of each Lot, specimens of which may be obtained from the Vendors and/or the Auctioneers and which will be available for scrutiny in the auction rooms. The names and addresses for the Private Growers' Lots are given with the details of each Lot and the full addresses of the Forest Enterprise offices are listed at the end of these Conditions.
2. The Seller reserves the right to make one bid for each Lot (the reserve price), which bid shall be delivered to the Auctioneer in a sealed envelope before the commencement of the sale. A contract is formed when a Lot is declared sold.
3. The highest bidder shall be preferred (subject to the undisclosed reserve price) and shall be bound by these Conditions of Sale and shall initially sign a Forestry Commission Standard Contract or Memorandum of Agreement (dependant on the Vendor of any particular Lot) on the day of the sale. Confirmatory documents will be forwarded to the successful bidder as soon as possible thereafter.
4. The Seller reserves the right to withdraw Lots or to alter the published order of sale of the Lots. If such changes are made they will be announced by the Auctioneer before the sale commences.
5. The sum by which each offer must exceed the immediately preceding offer shall be at the discretion of the Auctioneer.
6. All Lots will be offered for sale on a lump sum basis, or price per cubic metre, other than those being offered on an end product basis when bids per tonne will be invited.
7. All bids shall be exclusive of Value Added Tax, which shall be added to the purchase price of each Lot at the appropriate time.
8. At the conclusion of bidding for a Lot, the appropriate sealed envelope will be opened and if the last bid equals or exceeds the reserve price, the Lot will be knocked down. If the reserve is not reached the Seller may endeavour, at the conclusion of the Auction and in the sale room, to negotiate a sale with the highest bidder provided the latter gives intimation to this effect.
9. The Auctioneers, Messrs. Newland Rennie Wilkins, shall be the judge of the sale with powers to determine all differences arising during the sale.
10. No Lot carries entitlement to the offer of continuity of supplies of timber outside the Terms and Conditions of the Contract.
11. The description of the trees in the Sale Catalogue is believed to be accurate but is not guaranteed. In all other respects the Purchaser is held as satisfying himself as to the description of the sale Lots.
12. Date of commencement of Contracts will be stated in the Special Conditions described with each Lot.
13. The completion dates for all Contracts are as indicated against each Lot in the Catalogue.
14. Payment conditions are as stated in the Forestry Commission Standard Contract/Sale Contract referred to in 1 above. Your attention is drawn to the clause in the specimen contracts, which describes the normal terms of trading. Application of these terms, which is at the sole discretion of the Vendor is subject to establishment of satisfactory credit worthiness.

15. Arrangements to inspect the timber should be made direct with the appropriate Forester/Agent, as indicated in the Catalogue. Purchasers will be deemed to have acquainted themselves with arrangements for access and constraints, if any, in respect of each Lot, details of which are also available from the Forester/Agent.

16. Special Conditions of Sale referred to in each Lot are additional to the General or Standard Conditions of Sale. Purchasers are deemed to have acquainted themselves with these Special Conditions whether referred to in the Catalogue or not, details of which are available from the respective Forester/Agent.

17. Latecomers to the Sale will be deemed to have acquainted themselves with the Conditions of Sale and copies of this Catalogue, containing these Conditions, are available in the Saleroom for this purpose.

18. Safety signs conforming to British Standard BS5378, which warn individuals of a hazard and/or prohibit entry are to be provided by the Purchaser and maintained to the satisfaction of the Vendor.

19. All users of chainsaws on Vendors' property will be required to hold an appropriate Certificate of Competence issued by the National Proficiency Tests Council (NPTC). Unit awards accredited by the National Council for Vocational Qualification (NCVQ) will be recognised by the Health and Safety Executive as having a status equivalent to the NPTC Certificates. Self-employed chainsaw users are responsible for ensuring they acquire the necessary certificate of competence. Timber merchants, management companies, etc., who hold Vendors' contracts and employ chainsaw users on those contracts are responsible for ensuring that the operatives are certificated and all users will be required to produce evidence of certification.

The standard NPTC Clause, as per Forestry Commission Guidelines is as follows:-

"Chainsaw operators working on Forestry Commission land must have attained a Certificate of Competence issued by the National Proficiency Tests Council, NPTC. "Trainees" will be allowed to operate chainsaws on FC land for the purpose of gaining post training consolidation, prior to formal NPTC Certification, if they possess a valid Record of Training and Achievement issued by FASTCO. For the purposes of this Condition, a valid Record of Training and Achievement, is one issued post November 1993, and which is still current. The Purchaser will be responsible for ensuring Trainees undergoing consolidation of training are supervised in accordance with Paragraph 14 & 15 of the Health and Safety Executive's Guidance Note GS48".

20. For all contracts, machine operators undertaking operations included within the scope of the Forest Machine Operator Certification Scheme are required to have successfully completed the relevant assessments. Trainees will be accepted subject to agreement and must be registered with the Scheme.

21. Forest Enterprise has been successful in obtaining Certification of its forest estate. All timber on offer in this sale is covered by Chain of Custody Certification No SGS-COC-0358. This certificate was re-issued on 12 November 2004 under the QUALIFOR Programme by SGS Forestry.

Tel: 02380 286810 or 07770 221104

VIEWING ARRANGEMENTS

By appointment during normal working hours. The timber may be viewed standing but will be sold at roadside in random lengths by measured volume.

SPECIAL CONDITIONS

1. Contract period 01/01/10 to 31/08/10
2. Contract Schedules and maps available from above address.
3. All lorries entering Forest must comply with Timber Hauliers Code of Practice
4. Location of logs at roadside as indicated by the catalogue map (opposite) may vary depending on the ground conditions at the time of extraction.
5. No felling can take place between 01/05/09 and 30/06/10. Felling will take place on a date agreed between the agent and buyer.

PAYMENT

One instalment due prior to timber uplift.

Deposits – Clause 14.22 of the Forestry Commission Standard Contract may apply according to status.

METHOD OF MARKING AND MEASUREMENT

Trees to be felled are marked with pink paint and numbered 1-10.

Logs will be measured as Timber length x Mid-diameter over-bark.

BIDDING

Bids will be taken on a price per cubic metre over-bark basis.

Forestry Commission

Forest Enterprise is an Executive Agency of the Forestry Commission. It is responsible for the management of the forests and woodlands owned by the nation. Its objectives include the production and supply of timber for the wood using industry, the conservation of wildlife in its forests and the provision of wide ranging recreation opportunities.
