

# THE FOREST REPRODUCTIVE MATERIAL (GREATBRITAIN) REGULATIONS 2002

## Application for Master Certificate for reproductive material derived from clones and clonal mixtures

All collections

**1a. Botanical Name:** .....

**1b. Name of clone or clonal mixture: (if relevant)**.....

**2. Nature of reproductive material**                      Parts of plants   

**3. Category of reproductive material**                      Qualified                                            Tested                     

**4. Type of basic material**                      Clones                                            Clonal mixture                     

**5. Basic material reference in National Register:**.....

**6. Is the material? (tick one box only)**

Indigenous                          Non-indigenous\*                          Unknown   

\* Origin of basic material if known.....

**6a. Region of Provenance: (for native species state seed zone)** .....

**6b. Location of collection: (e.g. Highgate Farm, near Shrewsbury)** .....

**6c. Grid reference(s) (6 figure):**.....  
(not required for poplar stool beds in semi permanent field positions)  
(tick box if you do not want this to appear on Master Certificate)   

**7. Has genetic modification been used in the production of the basic material**    Yes        No   

**7a. Method of Propagation:**.....

**8. Quantity of reproductive material:** .....

Clonal mixtures

**9. For clonal mixtures:**

Number of clones in mixture..... Range of percentage composition of component clones.....

**10. Date of collection:** from..... to.....

**10a. Other relevant information:** .....

Applicant's/ FC details

<p><b>11. Name and address of applicant:</b></p> <p>.....</p> <p>.....</p> <p>Postcode:.....</p> <p>Tel: .....</p> <p>FRM Supplier Number: .....</p>	<p><b>Name and address of FC office:</b></p> <p>Forestry Commission, Forest Reproductive Material, Silvan House, 231 Corstorphine Road, Edinburgh EH12 7AT</p> <p>Tel:        0300 067 5129 email:    frm@forestry.gsi.gov.uk</p>
