

Dougal Driver FICFor FRICS CEnv APMG

Dougal is CEO of Envoke Ltd, a consultancy with a focus on environmental issues, strategic partnership building and 'fixing' things for organisations.

Current roles include: Chief Executive of Grown in Britain, Strategic Advisor to the Westminster think tank 'Policy Connect', Director of the Society for the Environment and Director of Strategic Projects for Confor.

Dougal is also a member of the Natural Capital Committee and the Climate Change Commission adaptation committee representing Forestry/Landowners on both. He is also a strategic advisor to the Hampshire and IOW Local Nature Partnership

Dougal's skills have been honed in the Ministry of Defence - where he became Head of Profession. In Defra where he was a Regional Director and a member of the Natural Value Programme Board and in the private sector where he remains the Environment Director for the Venture Cup.

Dougal is a sought after facilitator and Chairman and regarded as someone with wide ranging experience and insight who just gets the job done!
