

Discovery Challenge

Everyone finds something from the forest and hides it in a hat or pocket. Play a feely game and guess each other's secret find!

Put all the objects on the ground. Take it in turns to close your eyes whilst one person takes one thing away. Open your eyes – can you guess which object is missing?

Get a crayon and do a bark rubbing of your favourite tree!

How many things can you collect in one pocket?

Shut your eyes and feel each one as you take them out – are they rough, smooth, prickly or tickly?

Feel the bark of different trees
- is it smooth or bumpy?

Are they rough
or smooth?

Do you know what they are?
Where do they come from?

Are they prickly or tickly?

Pick up an object and pretend it's something magical - acorn cups could be fairy cups, chestnut cases could be hedgehogs!
