Dear Mr Robinson

Threestoneburn Forest – Deforestation Project
Environmental Statement (ES)

Thank you for your letter dated 21 April 2010, regarding changes to the above project.

My observations as follows:

Access and Rights of Way - you will be aware, parts of the proposed extraction route coincide with short sections of public footpath. I note that this is a factor which will be considered in the preparation of the additional information referred to in your letter.

Road Traffic - we entirely support the propose change as they will benefit Reaveley and Brandon as well as providing a safer access to the A697.

Thank you for the opportunity to comment.

Yours sincerely

Dick Fraser
