

**Status: OFFICIAL****Information Services Strategy (2015-2020)****Purpose**

1. To seek EB approval and sign-off for the Information Services Strategy (2015-2020).

**Background**

2. The 'Information Services Strategy (2015-2020)' supersedes the previous IS strategy covering the period 2010-2015 which mainly dealt with upgrading the infrastructure to deliver improved performance, improved security and reducing business risk. The focus of this new Strategy has changed with the aim of providing continuity of service delivery through this period of organisational change and to ensure that ICT services are devolved to the business in an orderly manner.

**Details of policy, proposals, etc.**

3. The Information Services Strategy document is attached.

**Resource Implications**

4. N/a

**Risk Assessment**

5. N/a

**Communications Issues**

6. Once endorsed by the EB the IS strategy document will be published on e-connect.

## Recommendation

8. The EB are requested to note and the content of the 'Information Services Strategy (2015-2020)' document and endorse this as the stated direction for Information Services in the coming years.
