

SAWMILL SURVEY - YEAR ENDING DECEMBER 2009

If the sawmill no longer exists please give the approximate date of closure: _____

• CONSUMPTION OF LOGS:

What was the total consumption of UK and imported logs during 2009?

This should be the volume of logs sawn in the year rather than the volume purchased or delivered. It should exclude sawn timber received for further processing.

Give figures in metric units (cubic metres underbark, m³ ub).

	Softwood		Hardwood	
UK grown logs	<input type="text"/>	m ³ ub	<input type="text"/>	m ³ ub
Imported logs <i>(incl imports from the Republic of Ireland)</i>	<input type="text"/>	m ³ ub	<input type="text"/>	m ³ ub

• PRODUCTION:

What was the total volume of sawnwood produced by the mill during 2009, from both UK and imported logs?

Give figures in cubic metres, (m³)

	Softwood		Hardwood	
Sawnwood	<input type="text"/>	m ³	<input type="text"/>	m ³

• WOODFUEL:

What was the total quantity of products sold/ used for woodfuel?

This should include all of these products from the site, including those from secondary processing (additional resawing, cross-cutting and machining) and from processing of rough-sawn timber received at the site.

Give figures in green tonnes

	Softwood		Hardwood	
Sold to bioenergy <i>(incl pellet manufacture)</i>	<input type="text"/>	green tonnes	<input type="text"/>	green tonnes
Sold as firewood	<input type="text"/>	green tonnes	<input type="text"/>	green tonnes
Used internally for heat / energy <i>(incl kiln use)</i>	<input type="text"/>	green tonnes	<input type="text"/>	green tonnes

Please turn over

• **CERTIFICATION:**

Does the mill have a Chain of Custody Certificate? (tick one)

YES

NO

If you have answered "Yes" to the above, please respond to the following questions. Otherwise, please leave blank.

What percentage of input volume is from Certified sources?

 %

What percentage of sawnwood output volume is available as Certified?

 %

Which certification label(s) do you use? (tick)

FSC

PEFC

• **EMPLOYMENT (at this site)**

Please provide an estimate of the sawmill's total employment, expressed as Full Time Equivalents (FTEs).

Include both direct employees (those for whom you are responsible for paying wages and National Insurance contributions) and other employment (any others undertaking work for you, including contractors and their employees). To express employment as FTEs, please include a rough estimate of time for those who work a part-year for the sawmill. For example, count a full-time employee working slightly more than half the time for the sawmill as 0.6, or an employee who works part-time for 4 months as 0.2.

For haulage employment, please only include those employed directly. Please exclude any contract haulage employment and any employment at the site not directly related to the mill (e.g. exclude work producing pallets or other wood products from sawnwood).

Total Employment

Full Time Equivalents

Thank you for completing this questionnaire. Please return this form, in the FREEPOST envelope provided, to: Statistics Branch, Forestry Commission, FREEPOST, Edinburgh, EH12 0PD
