

Discovery Challenge

Lets get arty! Find lots of different objects and make a picture on the ground.

Family Discovery Activities

Sharp Eyes

How about a centipede?

A beautiful butterfly?

A rabbit made with leaves?

Can you make a funny face
on a tree stump?

If you need this publication in large print or in another language please contact the Diversity team.

**Make a pair of binoculars
with your hands round
your eyes**

What can you see?

**Look near and
far, up and down.**

**Look carefully for tiny creatures
on the bark, in the grass or
under leaves. What do they
look like? What are they doing?**

**Play leaf snap with a friend
– pick a leaf – can you match it?
How many pairs can you find?**
