

# Discovery Challenge

Lets get arty! Find lots of different objects and make a picture on the ground.

Family Discovery Activities

# Sharp Eyes

How about a centipede?

A beautiful butterfly?

A rabbit made with leaves?

Can you make a funny face on a tree stump?

**Make a pair of binoculars  
with your hands round  
your eyes**

**What can you see?**

**Look near and  
far, up and down.**

**Look carefully for tiny creatures  
on the bark, in the grass or  
under leaves. What do they  
look like? What are they doing?**

**Play leaf snap with a friend  
– pick a leaf – can you match it?  
How many pairs can you find?**
