

About Us

Sherwood Pines Forest is a large mixed conifer and broadleaf woodland, with open spaces, heathland and ponds, miles of walking trails, bike routes, Go Ape and on-site bike hire.

It is a multi-purpose forest, managed by the Forestry Commission for timber production, wildlife and recreation.

Planning your visit

Sherwood Bushcraft activities are great for youth groups, schools, corporate team building, private functions and birthday parties.

You can mix and match any of our activities to create the perfect learning experience for your group.

One day not enough? Why not book on to our Bushcraft Course and watch your skills develop with each session.
