# THE STICK MAN TRAIL

## What a rotter!

Trees make great homes for wildlife. They also make our towns and countryside better places for us to live.

Did you know?

Research shows that trees can reduce flooding, cool our cities, help hospital patients get better quicker and even help cows produce more milk!

Even when trees die they can provide valuable homes for wildlife.

## What wildlife can you spot?

 Snail?  
Tick here

 Woodlouse?  
Tick here

 Worm?  
Tick here

 Millipede?  
Tick here

 Ground beetle?  
Tick here

 Centipede?  
Tick here

 Slug?  
Tick here

 Spider?  
Tick here
