

Explorer challenge - June

To find this month's animal shrub, marked with a ●

- Follow the **directions** to find the rough location
- Find the **nearby tree**, its number is given below.
- From this tree search the area for the mystery tree
- Use the **cryptic clue** to check you've found the right tree!

Directions

1. From the Great Oak Hall, follow the stone wall around into the Old Arboretum.
2. Continue until you reach Savill Glade, where 4 paths meet.
3. Step onto the grassy glade and walk straight up Savill Glade until you come to a path.

A nearby tree

Across the path find a many trunked maple (20.0003). From here look for the mystery tree.

Cryptic clue

Native Americans hunted them
Squash, not electric
