

This list shows Westonbirt Arboretum's labelled and recorded specimens

(updated July 2016). There are approximately 15,000 specimens on this list.

The types of trees are listed in alphabetical order, with the number of specimens in the tree collection, common name and IUCN (International Union for the Conservation of Nature) category if this applies.

Please see our interactive map www.thewestonbirtmap.org.uk for tree locations or www.forestry.gov.uk/westonbirt to plan your visit.
