

# VEGETATIVE PROPAGATION & DEPLOYMENT OF VARIETIES — THE SCOPE FOR EUROPE

21, 22 & 23 April 2009

The Liner Hotel, Lord Nelson Street, Liverpool, L3 5QB (www.theliner.co.uk)

This Workshop is open to all interested parties. It is being hosted by Forest Research as part of the EU co-ordination action contract, 'TreeBreedEx'.

Join tree breeders and foresters from across Europe and beyond in what promises to be the definitive workshop considering the state of play of clonal forestry currently being practiced around the world. Some of the leading practitioners in their field from New Zealand, Canada, USA and at home in Europe - working on both conifer and hardwood species - will outline what they do to make clonal forestry work. The workshop will consider what is necessary to make clonal forestry profitable in Europe. Time has been built in to allow lively discussion following each presentation as the audience considers the European context. The in-door meeting will be held over 3 days. Days 1 and 2 are directed more at forest managers, policy makers and students of tree breeding. Day 3 is directed more at members of EU contract TreeBreedEx although non-members are also welcome. There will be a visit to Delamere Nursery on day 2 to see large scale production of rooted cuttings from selected full-sibling families.

If you would like to attend this event please complete and return the form below to Evelyn Hall, Conference Organiser, Forest Research, Northern Research Station, Roslin, Midlothian, EH25 9SY, UK (evelyn.hall@forestry.gsi.gov.uk) no later than 10 April 2008.

ALL PAYMENTS MUST BE RECEIVED BY 10 APRIL 2009

Scientific Committee:

Steve Lee (Chair) [FR, Great Britain]; Marie-Anne Lelu-Walters [INRA, France] Michel Verger [INRA, France]; David Thompson [Coillte, Ireland] Gerry Douglas [Teasgasc, Ireland]; Berholt Heinz [BFW, Austria]

Requirements

Title:

## VEGETATIVE PROPAGATION & DEPLOYMENT OF VARIETIES – THE SCOPE FOR EUROPE

### **BOOKING FORM**

### Personal Details (please complete in BLOCK CAPITALS)

First name(s):			Cou	ıntry:	
Organisation:					
Full Postal Addi	ress:				
			Pos		(zip)
Email Address:					
TreeBreedEx M	lembers Only – Partner number:				
BOOKING FEES  Mon 20 <sup>th</sup>			Tue 21 <sup>st</sup>	Wed 22 <sup>nd</sup>	Thu 23 <sup>rd</sup>
Conference Fee & Day Delegate Rate	£70.00 per person per day (please indicate day, you are attending). Includes teas/coffees; lunch and attendance at the Workshop for the day Does not include dinner.	<i>ı</i>			
Accommodation	£100.00 per night B&B (please indicate nights required)*  *Conference negotiated deal, includes dinner on Tuesday & Wednesday evening also.				
		·			
Field Trip	Visit to Delamere Nursery on Wednesday 22 <sup>nd</sup> April (Day 2) to see large scale production of rooted cuttings from selected full-sibling families  £20.00 Yes/No [please indicate]				
Dietary	Please indicate below whether or not you have any special dietary requirements:				

### **VEGETATIVE PROPAGATION & DEPLOYMENT OF VARIETIES – THE SCOPE FOR EUROPE**

### Method of Payment (Please Indicate)

Preferred method of payment is Credit Card – please note we <u>do</u> have a secure internet site.

1. I wish to pay by Cree	dit Card		
Credit Card:		☐ Visa	MasterCar
Credit Card Holder Name:			
Credit Card Number:		Start Date:	
Security Code: (last 3 digits on rev	verse of card)	Expiry Date	
2. I wish to pay by Ban	k Transfer		
For payment via bank transf transaction as an indicator –		eebreedex & Your na	ame" on bank
The account information is:			
Sterling Account Bra	anch Identification Co	de (BIC) No.: MID	LGBL2112U
Bank Address:	HSBC Bank Plc 33 The Borough Farnham Surrey GU9 7NJ		
IBAN No. for Sterlin	ng/Euro Account is:	GB66MIDL4021	0511413392
Total to be forwarded:	£		

### **PROGRAMME**

Day 1	Tuesday 21 <sup>st</sup> April	
0830-0900	Tea/Coffee	
0900-0915	Welcome Steve Lee, Forest Research, GB	
0915-0930	Introduction to the meeting and the promise of clonal forestry James Pendlebury, Chief Executive Officer of FR, GB	
0930-1030	Will clonal forestry ever deliver? A review David Thompson, Coillte, Ireland	
1030-1045	Tea/Coffee	
1045-1145	Clonal forestry in Norway – Tried it once. Could it work now? Øystein Johnsen, NFLI, Norway	
1145-1230	Clonal forestry? Why bother? Steve Lee of Forest Research, GB	
1230-1245	Summary of the morning	
1245-1330	Lunch	
1330-1430	Industrial implementation of Multi-varietal Forestry for spruces in New Brunswick Yill-Sung Park, New Brunswick, Canada	
1430-1530	Towards large-scale clonal forestry in Québec: Integrating research and nursery practices for mass cutting propagation and somatic embryogenesis  Denise Tousigant, Ministry of Natural Resources and Wildlife Québec. Canada.	
1530-1545	Tea/Coffee	
1545-1645	Clonal forestry of radiata pine. Lessons for Europe Mike Carson of Forest Genetics, New Zealand	
1645-1715	Summary of the afternoon	
	Close for day	
Evening	Conference dinner in Hotel	

Day 2	Wednesday 22 <sup>st</sup> April	
0830-0930	Clonal forestry of Eucalypus – in Europe and South America Gabriel Dehon of RIAZ (Portugal)	
0930-1030	<ul> <li>Clonal forestry of cherry and chestnut:</li> <li>i. Vegetative propagation of wild cherry</li></ul>	
1030-1045	Tea/Coffee	
1045-1145	The economics of clonal forestry David South of Auburn University, USA	
1145-1230	Social aspects. Mariella Marzano, FR, GB	
1230-1300	Further discussion on whole workshop	
1300-1345	Lunch	
1345	Bus leaves for Delamere Nursery courtesy of Forestry Commission. This unit produces over 4 million rooted cuttings per year for the forestry state sector and has over 15 years rooted-cutting experience.	
1730	Return to hotel in Liverpool. End of open meeting.	
	Optional visits to places of interest in Liverpool, e.g. places made famous by the "Beatles" (Penny Lane) or pubs, or the ferry across the River Mersey.	

### Day 3 Thursday 22st April

This day will be more suitable for members of EU contract TreeBreedEx although this session will again be open to anybody who wishes to attend.

O830-1230 Posters and presentation on more scientific aspects of clonal forestry in particular:

Clonal replication to assist breeding

Keynote Speaker: Bo Karlsson, Skogforsk, Sweden

#### Other Papers

In vitro establishment of juvenile and adult black alder (Alnus glutinosa (L.) Gaertn.) clones for resistance studies. Gisela Naujoks, Irmtraut Zaspel and Lisa Krüge, Germany.

Selection, vegetative propagation, clonal field trials and deployment of varieties of valuable broadleaved species.

Andreas Meier-Dinkel, Germany

Gibberellin in vitro research for vegetative propagation of aspen. Jonas Ziauka

Report on the vegetative propagation meeting at Punkaharju, Finland. Tuija Aronen, Metla, Finland.

1230-1330 Lunch & Depart

### **Confirmed speakers**

Speaker	Topic	
James Pendlebury, Chief Executive Forest Research (UK)	Clonal Forestry: Even if it works, do we want it?	
David Thompson from Coillte (Ireland)	General Introductory paper to clonal forestry: Where is it working; where are we now; what will it take to make it work?	
Denise Tousigant and colleagues, Ministry of Natural Resources and Wildlife, Québec (Canada)	Towards large-scale clonal forestry in Québec: Integrating research and nursery practices for mass cutting propagation and somatic embryogenesis	
Mike Carson of Forest Genetics (New Zealand)	Clonal forestry of radiata pine. Lessons for Europe.	
Gabriel Dehon of RIAZ (Portugal)	Clonal forestry of Eucalypus – in Europe and South America	
Steve Lee of Forest Research	Clonal forestry? Why bother?	
David South of Auburn University (USA)	The economics of clonal forestry	
Øystein Johnsen (Norway)	Clonal forestry in Norway – Tried it once. Could it work now?	
Bo Karlsson (Sweden)	Clonal replication to assist breeding	
Fina Fernandez of CINAM (Spain)	Clonal Forestry of chestnut in Northern Spain	
Dr Yill-Sung Park (New Brunswick, Canada)	Industrial implementation of Multi-varietal Forestry for spruces in New Brunswick	
Mariella Marzano	Social aspects
