Tour options

Old Arboretum

Easy walking on grass and hard paths. Wheelchair users may wish to remain on paths and be accompanied by a carer. This tour will introduce you to the beauty and complexity of this superb tree collection, with some fascinating glimpses into the lives of the Holford family who created the arboretum in the nineteenth century.

Silk Wood

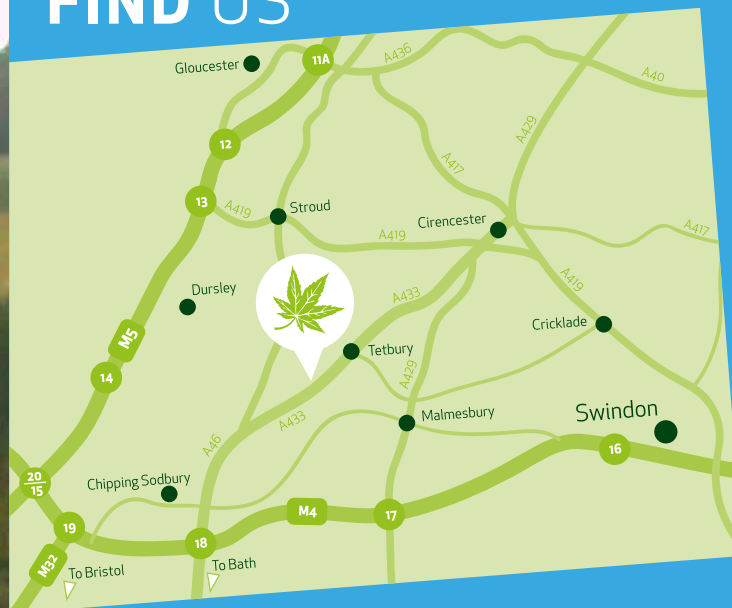

Walking on woodland paths and mild gradients. Waterproof footwear recommended. Not suitable

for wheelchair users. This tour looks at the rich variety of Silk Wood, which encompasses both the oldest and youngest parts of the arboretum, from native woodland to ornamental plantings.

The entire guided tour fee goes to the Friends of Arboretum charity, who support the arboretum in many valuable ways. See www.fowa.org.uk for more information about their work.
