

Yorkshire & North East

Ash Chalara Events

27th & 28th February 2013

You are invited to attend one of the following events to learn more about Chalara die-back of ash and other key pests and diseases threatening woodlands in Yorkshire and North East England.

On both occasions we will be joined by Forest Research plant health experts, and by FERA pathologists at the York event.

Refreshments provided on arrival. The events will end at 12.30pm.

There is no charge for these events but space is limited.
