Please note we do not accept fax or email copies.

Please mark the envelope with the initials "ITT" for DP Thinning Operation FR15 Thetford 103/14/094 - Not to be opened until after 12pm 3rd February, 2015 .'

We must receive your completed tender by **12pm 3rd February, 2015**. We will keep tenders that we receive earlier and not open them until after the deadline. We reserve the right to not consider any tenders received after the deadline. Please be aware that we may copy your documents, but only for our own use.

Please send all enquiries in writing or by email, by the deadline stated in the tender timetable, quoting the contract reference number stated above. If we consider any question or request for clarification is relevant to all interested parties, we will circulate both the query and the response to all potential tenderers, although your identity will remain confidential.

This ITT is a modular document and you will only be supplied with the modules that are required to complete this tender. The document is made up of modules labelled A to D. (See table on Page 3 of this ITT)

All tenders will be evaluated objectively as detailed in the Evaluation Matrix within this ITT document.

You must follow these instructions:

- i. Any contract concluded as a result of this ITT shall be governed by English Law and the Forestry Commission's Standard Terms and Conditions of Contract for Operational services, and any additional terms specified as attached to this ITT, will apply. Your terms will not apply.
- ii. You must accept our terms and conditions as follows: [Forestry Commission Standard Terms and Conditions](#) for Operational services. We will discuss any issues you highlight before any award. If you wish to qualify our Terms and Conditions in any way, you must append a description of the requested changes to your tender. Note that this may invalidate your submission if the Forestry Commission is unable to accept these proposed changes.
- iii. Your tender and all accompanying documents are to be in English.
- iv. All prices must be in sterling and exclusive of VAT.
- v. Costs remain the responsibility of those submitting a tender.
- vi. We will not return any part of the documents forming your tender.
- vii. We reserve the right to cancel or withdraw from the process at any stage.
- viii. We do not undertake to accept the lowest priced tender, or part, or all of any tender.
- ix. All information supplied to you by us must be treated in confidence and not disclosed to third parties.
- x. All details of your tender, including prices and rates, must be valid for our acceptance for a period of 90 days.
- xi. Once we have awarded the contract, we will not accept any additional costs incurred which are not reflected in your tender.
- xii. Offering an inducement of any kind for obtaining this or any other contract with us will disqualify your tender and may constitute a criminal offence.
- xiii. You do not need to provide supporting documents, certificates, statements or policies with your tender unless specifically requested to do so. However, we may ask you for these later. You may also be asked to clarify your answers or provide more details.
- xiv. Your organisation will only be evaluated based on the information in your tender. Please do not send any information that is general company or promotional literature, as this will not form part of our evaluation. Any additional documents you provide must refer to a question within the ITT and be easily identifiable as the answer.

Yours faithfully

Michael Danks

3. Statement of our Requirements

We will be awarding a contract for Direct Production thinning operations at FR15 Thetford Forest. The thinning area is 39.4ha with crops planted in 1980s, 70s and 60s. All crops will be thinned to the specified Basal Area as set out by the Forestry Commission.

Our intention is to award this contract for a period of 2 months

There will be an option to extend the contract by up to a further 1 month in total. This could incur extra costs if this extension is needed.

The total value of this contract over the entire period, including any extension options, will be in the region of £30,000.

Contract Description

FR15 site is to be worked in conjunction with the Forestry Commission DP harvesting team to ensure all works can be completed between 1st February and 31st March 2015.

FR15 is located on the southern edge of Thetford town close to the A11. Location map is in Appendix 1.

The estimated volume for the operations is 2296m³ OBS. This volume is split over 4 compartments totalling an area of 39.4 ha. The species mix is Corsican Pine (*Pinus nigra*) and Scots Pine (*Pinus sylvestris*). Map showing compartments and species are in Appendix 2.

A powerline runs through the site adjacent to all compartments. UK Power Networks will be contacted by the Forestry Commission with regards to felling operations within the specified safety zones.

Felling and extraction is to be completed by mechanised harvester and forwarder.

All stumps are expected to be covered using *Phlebiopsis gigantea* (PG) or Urea within 20 minutes of felling to provide an effective control against fomes. The water required and PG suspension sachets will be delivered to the worksite as required. Urea will be delivered to site in 220 litre barrels. This may not be the case throughout the length of the contract and the successful bidders may be expected to pick required stump treatment up from an FD yard.

The operator should provide the FC with a clean accurate product; this will require regular checking of harvesting machinery for accuracy. Product specifications will be communicated to the contractor by the FC dispatcher before the contract commences.

Stumps are to be no greater than 100mm in height.

All non-merchantable material is to be cut into lengths no greater than 3 metres.

The contractor to harvest and extract to approved roadside stacking areas all produce down to 7cm top diameter

The contractor should check site signage on a daily basis and inform the Forest Works Manager or Forestry Commission Site Supervisor of any issues.

Lop and top to be placed behind the treeline even when removal of the edge of crop has taken place.

Produce is to be stacked less than 2m in height at roadside in a safe manner.

Loading of lorries with SRW and chip produce will be a small part of the contract. This will occur when the Forestry Commissions Front End Loader is unable to load the lorry.

For all operations, a Risk assessment must be carried out by the contractor and made available to the FC for inspection at the pre-commencement meeting.

The Contractor will ensure that any relevant information which is communicated to him by the Forestry Commission is notified to his employees and to any sub-contractors who are working for him and through them to their employees.

For all services, the contractor must provide the Forestry Commission with one main point of contact.

Health & Safety

All services provided must comply with the UKWAS standards, FISA guides, FC Safety Standards and all other relevant environmental and health & safety legislation. These can be provided by request.

The FC will provide an outline risk assessment and site safety rules for each work site. The contractor is responsible for providing the following documents prior to starting work:

- Task based risk assessments
- CoSHH risk assessments
- Lone working procedure
- Emergency schedule and procedure

A new pre-start 'gateway' process will be in place for this contract. The on-site pre-start meeting will not take place until all of the above documentation and certificates applicable to the work have been exchanged.

Regular site meetings will be completed throughout the life of the contract.

The successful bidders are expected to have all relevant NPTC/FMOC/ first-aid (EFAW+F) qualifications, as outlined within the First Aid section. They are expected to maintain the status of qualification throughout the contract through additional/refresher training.

East England Forest District has a wealth of conservation and heritage features and the successful bidder is expected to observe all timings and risk zones in order to preserve these features.

The successful bidder is expected to maintain a continuous supply of timber.

They are expected to follow all relevant health and safety legislation and guidance around the worksite.

All fuel/chemical to be stored in bunded tanks or bowsers.

All chain oil to be biodegradable.

Anti-pollution equipment to be available on site at all times.

It is the responsibility of the contractor to remove from FC land, and dispose of correctly, any rubbish generated during works.

FC First Aid Policy:

In October 2009 the HSE revised their guidance under the Health and Safety (First Aid) Regulations. The major change has been that HSE now approve two levels of qualifications for first aiders:

- First Aid at Work (FAW), based on a minimum 3-day course.
- Emergency First Aid at Work (EFAW), based on a minimum 1-day course.

The successful bidder and staff will need to be first aid trained and have a first aid kit on site at all times.

Sustainability

In line with the Forestry Commission's sustainability objectives we expect the successful bidder to meet the following basic standards:

- Use biodegradable oil where available
- Have a pollution spill kit on the work site at all times
- Ensure all machinery and tools are regularly maintained and keep maintenance records
- Take all waste away with you. Reduce, reuse and recycle where ever possible
- Leave a tidy work site.

Equality & Diversity

The Forestry Commission expects the successful bidder to provide equal employment opportunities and not discriminate against people of particular religions, beliefs or ethnic origins. The General Equality Duty from the Equality Act 2010 requires public bodies to consider the need to eliminate discrimination, victimisation and harassment, advance equality of opportunity and foster good relations between people who share a protected characteristic and those who don't. The law also requires public bodies to consider equality when buying services. The provider should be aware that by carrying out functions on our behalf they must also follow the General Equality Duty while doing so and must work to achieve this throughout the contract.

Environmental standards:

- The Forestry Commission works to recycle as much waste as possible. The contractor will be expected to help keep to the high standards of recycling within the district.
- Forestry Commission Guidelines: The Guidelines published by the Forestry Commission will be regarded as the minimum standard required. Relevant Guidelines for this operation are: UK Forestry Standard.

Note:

If we ask, you must provide documentary evidence establishing your eligibility to tender and your qualifications to fulfil the contract if we accept your quotation. This may be in the form of literature, drawings or samples.

You must include details of any areas where you will not be able to comply with these requirements. If your quotation does not meet these requirements we reserve the right to reject it completely.

4. Evaluation Matrix

Note – failure of any of the ‘Pass/Fail’ sections or modules will constitute an overall Fail of your bid.

15. The bidding organisation accepts that while the information in this ITT and supporting documents has been prepared in good faith by the Forestry Commission (FC), it may not be comprehensive nor has it been independently verified. Neither the FC, nor their advisors, nor their respective directors, officers, members, partners, employees, other staff or agents makes any representation or warranty (express or implied) as to the accuracy, reasonableness or completeness of this ITT; or accepts any responsibility for the information contained in the ITT or for the fairness, accuracy or completeness of that information nor shall any of them be liable for any loss or damage (other than in respect of fraudulent misrepresentation) arising as a result of relying on such information or any subsequent communication.
16. The bidding organisation confirm that this is a *bona fide* tender, intended to be competitive, and that they have not:-
 - a) fixed or adjusted the amount of the tender by or under or in accordance with any agreement or arrangement, whether in writing or otherwise, with any other person irrespective of whether or not that other person is also a bidding organisation in respect of this tender;
 - b) worked with any person in the preparation of the tender, irrespective of whether or not that person is also a bidding organisation in respect of this

tender, save to the extent that (i) the work and involvement of that other person is made manifestly clear and acknowledged in the body of the tender and (ii) in the reasonable opinion of the Forestry Commission the acknowledged work does not amount to collusion and

- c) exchanged information with any of the other bidding organisations in respect of this tender save to the extent that (i) the exchange of information is made manifestly clear and acknowledged in the body of the tender and (ii) in the reasonable opinion of the Forestry Commission the acknowledged exchange of information does not amount to collusion.

Please state within the box below if there are any specific areas of the declaration above with which you cannot comply. Please note that this may invalidate your submission, but you should provide details that will enable the Forestry Commission to decide whether to let you progress further in the process, should the reasoning be satisfactory when it applies to one of the discretionary exclusion conditions.

I declare that to the best of my knowledge the information submitted in this ITT is correct. I understand that the Forestry Commission may reject this ITT if there is a failure to answer all relevant questions, or provide any requested information fully or if I provide false or misleading information; or if I make any false declaration which is discovered after Contract Award; I acknowledge that this may lead to said contract being terminated.
