

THE PLANT CENTRE

Westonbirt The National Arboretum

NEWSLETTER Spring 2011

This Plantsman's paradise is to be found hidden within old stone walls, tucked away in the valley between the Old Arboretum and Silk Wood. We specialise in hardy plants and depending on the season, stock an extensive and interesting selection of Japanese Maples, unusual trees, shrubs and conifers, as well as climbing plants, herbaceous perennials, hardy ferns, grasses and shrub roses.

We are open daily from 10am - 5pm and can be visited without entry to the Arboretum.

We have our own large car parking area .

LETS GET GROWING

GROWING YOUR OWN THIS YEAR?

We have an extensive range of Johnsons and Franchi seeds for all the vegetable growers out there. Also seed potatoes, onion sets, shallots and garlic.

'PICK-YOUR-OWN' FRUIT

What could be more delicious than the taste of fresh, home-grown fruit? We offer a selection of fruit trees and bushes which includes, as well as the ever popular apples and pears, damsons, mulberry (pictured left), medlar, figs, quince and blue berries.

HERBACEOUS PERENNIALS & ROCKERY PLANTS

Once again we are offering a huge and interesting selection of these Cotswold-grown quality plants
From **£2.00** each

CONIFERS, SHRUBS and ORNAMENTAL TREES

Lots of choice, many unusual species as well as the 'tried & tested' popular varieties. Many Japanese maples now showing beautiful spring colour.
