

Forestry Commission badges

To identify members of staff, whether wearing corporate or non-corporate clothing, standard name badges are now available. Badges carries the Forestry Commission logo (in either the FC , FC England, FC Scotland, or Forest Research versions), member of staff's name, job title (see variants below) and location.

- When ordering ensure you spell names, etc correctly on the order form, as BBS will not send a proof for checking before producing badges and that you clearly complete all necessary details on the order form
- Staff have the option of either a magnetic or a rotating pin fixing version
- Please keep the length of job titles to a minimum.

The three variants available to order are:

Standard badge

The standard badge has three lines of text

1. First name and second name
2. Job title (can be optional)
3. Location (can be optional)

This is for staff who require a badge to identify them at any event (conference, media event, meeting, etc) or for public facing staff who require to have both first name and surname displayed (see also first name only variant). Titles such as Dr or Prof can also be included as appropriate.

First name only badge

The first name only badge has three lines of text

1. First name
2. Job title (can be optional)
3. Location (can be optional)

This is for visitor services staff or rangers who deal with the public on a regular basis and would prefer to be identified by first name only.

Dual language badge

A dual language option is available for FR staff working in Wales and where appropriate FCS staff in Scotland.
