# Make your own Leaf Crown

Be a forest prince or princess!

Make it in the forest, no  
extras needed! Here's how...

- 1 Collect a variety of leaves with longish stalks
- 2 Pin two together by poking the first stalk through the next leaf. Like natural sewing!
- 3 Take another leaf and thread that stalk through the one before.
- 4 Keep going, adding one leaf at a time until there are enough joined together to go around your head.
- 5 Use the final leaf stalk to join the first and last leaves together.

Wear your leaf crown on your walk in the woods!

Or if you want to make at home, try this...

- Cut a strip of card, long enough to go around your head.
- Put double-sided tape along one side and then staple or tape the card to the right size.
- Take your crown with you on your walk, decorate it by adding leaves to the sticky tape as you go.
