

# **Invitation to Tender for**

**Ticketless ANPR Car Park Barrier  
System for Alice Holt and Moors  
Valley**

**Contract No: AHMVCP2014**

## Introduction

The Forestry Commission's (FC) mission is to protect and expand Britain's forests and woodlands and increase their value to society and the environment.

We the FC will always consider equality when conducting our procurement activities. We require you to meet your duties under the Equality Act 2010 and may ask for evidence that you are aware of and operate in accordance with those requirements

We take the lead in the development and promotion of sustainable forest management. We deliver the distinct forestry policies of England and Scotland through specific objectives drawn from the country forestry strategies.

More information is available on our website at [www.forestry.gov.uk](http://www.forestry.gov.uk)

## 1 Type and term of contract

We will be awarding a contract for the supply of a ticketless car park barrier system including back-office system, pay-on-foot pay points and service contract.

The contract will require the supply, installation and management of the above at Alice Holt Forest, Farnham and Moors Valley Country Park, Ringwood.

Our intention is to award this contract along with service contracts extending for a maximum of 5 years from the date of the installation of the system. For example, if a system was purchased and installed in February 2015 the service agreement would run for the system for 5 years from this date.

The total value of this contract over two sites, including service contracts could be in the region of £165,000.

## 2 Timetable, enquiries and return arrangements

### 2.1 Timetable

Set out below is the proposed procurement timetable. This is intended as a guide, and, while we do not intend to depart from the timetable, we reserve the right to do so.

<b>Stages</b>	<b>Dates</b>
Date (s) of site visits by bidders to FC site/ Bidder Briefing day	25 <sup>th</sup> November 2014
Closing date and time for enquiries	4pm 1 <sup>st</sup> December 2014
<b>Tender Return Date and Time</b>	4pm 8 <sup>th</sup> December 2014
Expected Notification of Intent to Award	19 <sup>th</sup> December 2014
End of Standstill Period	9 <sup>th</sup> January 2015
Expected Start Date	12 <sup>th</sup> January 2015

## 2.2 Clarification, bidder briefing day, site visits,

### 2.2.1 Clarification

Once we have evaluated submissions, we may need further clarification and may ask for this additional information or a clarification meeting. The purpose is to explore further the information you have provided in your submission.

### 2.2.2 Bidder briefing day

Bidders are invited to attend a Bidder Briefing Day to help them understand more about the requirements of this contract. The Briefing will take place on the date specified in the timetable at Section 2.1 above and bidders should contact the person named at 2.3 to confirm their attendance and receive further details.

### 2.2.3 Site Visits

Before the return date, tenderers may need to have a site visit so that they can complete their submission. Site visits will take place on the date specified in the timetable at Section 2.1 above and tenderers should contact the person named at 2.3 below to arrange this.

## 2.3 Enquiries

Please send all enquiries in writing or by email, by the deadline stated at Section 2.1 quoting the contract number printed at the front of this document to:

Richard Burke  
District RPA Manager  
South England Forest District

Tel: 023 8028 6819

If we consider any question or request for clarification is relevant to all interested parties, we will circulate both the query and the response to all potential tenderers, although your identity will remain confidential.

**If you want to tender, and have not yet registered interest in the contract, you must do so before the closing date for enquiries to make sure you are told about any questions and answers.**

## 2.4 Return arrangements

Please return your completed tender as:

- two paper copies by post or hand delivered, and
- one copy on disk or USB type storage device in a read only format

Please note that we do not accept fax or email copies.

We must receive your completed tender before the closing time shown in the Timetable at Section 2.1. We will keep tenders received before this deadline unopened until after this time. We reserve the right to not consider any tenders received after the deadline. Please be aware that tenders may be copied for our use.

Mark your envelopes with the words '**Tender for Car Park Management Equipment – Not to be opened until 4pm on the 8<sup>th</sup> December, 2014**'.

**Submissions may be excluded if you do not mark the envelope in this way.**

Send completed tender documents to the following address:

Richard Burke  
District RPA Manager  
South England Forest District

### 3 Statement of Requirements

We intend to award a contract for two car park management systems which includes:

Ticketless, pay-on-foot High Definition ANPR barrier systems including back-office system, touch-screen pay points and service contract.

The sites are:

Alice Holt Forest, Bucks Horn Oak, Farnham, Surrey GU10 4LS

Moors Valley Country Park, Horton Road, Ashley Heath, Nr Ringwood BH24 2ET

#### **Background Information**

The FC already has various methods of car park management from pay and display to barrier systems on its estate. We are looking to install one new ticketless barrier system on one site that currently uses pay and display and replace one ticketed barrier system with a ticketless system.

The FC works hard to maintain high levels of customer care for visitors and believes strongly that the visitor journey from the moment they arrive at the forest gate, is as smooth and trouble free as possible. Naturally this extends to the act of paying for car parking which we believe should be as easy and flexible as possible. Therefore, not only will we be looking for innovation within the equipment including payment options, we will look carefully at ease of use for people, particularly those with disabilities, the facility for us to provide positive messages to our visitors and also the ability to sell additional FC products through the pay machines.

Car parking income is very important to the Forestry Commission and it is important to us that we are able to tell the story of how money generated is reinvested into the management of the site.

Across the work of the FC, strict environmental criteria are applied, we will be asking you to outline how your products and service help us meet our goals.

Normal entry peak flows measured at one site in 2013 have shown approximately 500 cars per hour entering and 360 cars an hour exiting, with nearly 2000 cars in one day. Note: when special events are held peak flow will be significantly higher. Entry and

exit will be by one fixed lane barrier and a shared entry/exit tidal lane remotely switched as necessary during the day.

There are membership schemes running on both sites The FC has a Discovery Pass at Alice Holt and East Dorset District Council (EDDC) runs a season pass at Moors Valley. Both membership schemes give free parking and both are renewed annually throughout the year. There will also be a number of non paying vehicles requiring access including staff, delivery lorries, Disability Tax Exempt Scheme Holders (Moors Valley only) and emergency vehicles. Effective access and egress is crucial for all of these vehicles.

### **A. Ticketless Barrier System with ANPR**

We are looking for a road entry/exit barrier and operating system which is integrated with an automatic entry High Definition ANPR system. This should provide free flowing access into site through fixed and tidal lane barriers suitable for all road vehicles including cars, buses/coaches, lorries, horse boxes and vehicles with trailers. The system will need to be ticketless and provide easy operation for the on-site staff.

We would require an intercom system linking barriers, pay stations and visitor service staff. We require the facility to divert the intercom to a mobile device and to be able to interrogate the system remotely via internet enabled devices.

### **Essential Requirements:**

1. Barriers must be able to cater for a minimum road width of up to 3.5m and be able to regulate access for cars, lorries and coaches. It must be possible to lift the barriers through use of a back up system should power fail. Barriers must be able to be opened manually and locked in the open position should the back up or power source fail.
2. Ability to switch tidal lane direction due to entry/exit demand remotely.
3. It must be possible to open the barriers remotely via mobile device operation.
4. Barriers should be designed so that there is little or no damage to vehicles upon impact, and protected underneath and at the ends to prevent injury to cyclists and pedestrians. Please tell us how it protects against damage.
5. The barrier system must be ticketless and use HD Automatic Number Plate Recognition "ANPR" technology to track entry, length of stay, payment and exit.
6. It should include HD ANPR cameras as standard and be installed in a robust housing. Provide a complete specification for your system.
7. The ANPR system to conform with UK and European Data Protection legislation.
8. The capture rate should meet a 98% capture rate for UK plates and cameras.
9. Must be NAAS (National ACPO ANPR Standards) Compliant.

### **Functional Requirements**

1. All equipment installed must be robust, meet IP 54 standards, be easy to maintain on a daily basis by site staff. By daily maintenance we mean to keep clean, diagnose simple problems and to update screen shots.
2. CCTV should be suitable to support effective entry/egress. In your tender response we would ask you to state how you will achieve this requirement in both situations, remembering that entry/egress locations may be up to 1 km away from the centre in a rural wooded location. State if your system allows for the display of CCTV and ANPR images on one or several monitors.
3. The ability to export back office reports into Excel.

### **B. Pay-on-Foot Pay Point:**

The pay-on-foot pay point will consist of one or more terminals. We need our pay stations to be interactive payment tools that encourage the use of cashless payment. We also need them to be easily updated preferably by site staff in terms of payment rates as each site will have different payment structures and also allow for different tariffs at different times of the year. We will assess the following requirements and will be taking into account the flexibility of your equipment.

#### **Essential Requirements:**

1. Provide the following range of payment options:
  - Coins and notes
  - credit card or debit card (compatibility with Worldpay)
  - on-line payment.
2. A minimum of three coin hoppers/cash collection boxes per pay terminal should be provided to allow for exchange on collection and a spare for emergencies— please provide your specifications.
3. We require that each terminal should open with a unique key, but all machines on one site should also open with one master key.
4. We require a warning signal sent to the remote monitoring location (visitor centre/mobile/FC office) to warn when the machine is nearly full or has a fault. Please outline the specification for this.
5. Cash collection will be carried out by an external contractor, we will require that reconciliation print-outs from each pay machine are uniquely identifiable.
6. An intercom system linking the pay point to barriers and visitor services, this should also be able to link through to a mobile phone. Note: the terminals may be up to 1 km from the visitor services office through wooded areas.

For information the building/shelter to house the pay point is likely to differ from site to site and will therefore be provided by the FC.

#### **Functional Requirements**

1. A contactless payment option will be desirable in both locations, let us know if you are able to provide this option and your specification.
2. We also require the ability to carry out a minimal 12 month financial audit on the machine.
3. State the coin and note capacity of the collection boxes and any hoppers and tell us whether your machines can be set to varying coin and note holding capacities.
4. Provide the configuration for your paystation – we will be looking to see if coin hoppers are secure from other parts of the pay station.
5. We would prefer to supply the uniquely identifiable code for the reconciliation print outs to aid our data upload, please state if this is possible
6. Be able to take payment for the Forestry Commission Discovery Pass – see section C below.
7. Provide your specification for the provision of CCTV cameras at pay stations.
8. Comply with Equality Act 2010 requirements, particularly in respect to use by people with disabilities. In your submission please detail how your terminals comply with this legislation.

### **C. Discovery Pass/ Season Ticket sales through the pay station**

Forestry Commission England currently operates a membership scheme at Alice Holt which is called the Discovery Pass. Moors Valley Country Park operates a separate season ticket scheme. One of the main benefits to pass/season ticket holders is free car parking at the site for which a pass is purchased. It is also possible that a National FC England pass which allows access to all sites across England will be introduced in the future.

There are currently around 21,000 Discovery Pass holders in England at 25 sites. Discovery Passes are purchased all year round and each pass lasts for 12 months, expiring at the end of the month in which they were purchased.

At the time of purchase, we ask Pass holders for a registration number (we allow them to register up to two vehicle registration numbers, though we do only allow one of their vehicles access at once). As Discovery Pass holders are regular and core visitors, it is essential that a process for enabling straightforward and seamless access is achieved.

A Discovery Pass can be purchased by several means; onsite, online and by phone. As some of our Pay Points may be open when our Visitor Services office is closed, it would be an advantage that we have the ability to sell Discovery Passes or Season Tickets through the Pay Point (providing it is possible to capture customer details to follow up and capture their full details e.g. their car reg. number and email address at time of purchase).

At sites where an ANPR barrier system will be in use the following is required:

**Functional Requirements:**

It is essential that there is an import facility to ensure that car registration numbers recorded at the time of sale online (held in a database offsite in the case of Alice Holt on a central Forestry Commission Box Office system and onsite at Moors Valley held in a separate system), can be uploaded to the car park system to enable seamless access to Discovery Pass and Season ticket holders at the respective sites.

To enable the Discovery Pass to be sold through the pay point and for car registration numbers to be imported the following functionality must be provided:

1. On site, the management system must allow for customer registration numbers to be easily and instantaneously added to a list of 'allowed' vehicles (white list), to ensure seamless access for Discovery Pass/ Season Ticket holders who purchase on the day of their visit. This information will be inputted by FC or EDDC staff on site at the visitor information point.
2. The back office management system/database must be able to automatically and regularly accept an import of data (daily), listing vehicle registration numbers to be added to the 'white list'. Provide your specification for a data import/export facility.
3. The import and export facility should enable the process to be fully Data Protection Act compliant.
4. There must be the ability to put an end date on the point to which a vehicle registration is allowed access, or an easy process for monthly removal of all expired passes; so that once a persons Discovery pass membership expires, they are removed from the white list and no longer able to access the car park.
5. There should be a reporting function to allow the ability to analyse the number of visits. Provide details of how the reporting function will work and your specification.
6. As Discovery Pass holders periodically change registration number, there must be the ability to update records within the ANPR back office system.
7. The back office system must be compatible with the FC desktop and where possible assistive technology (i.e. screen readers, text to speech software, etc). The current corporate browser is IE8. The current desktop is Windows XP SP3. Windows 7 will be introduced during 2014/15.
8. As we capture up to two registration numbers per customer (but only allow one vehicle access at any one time) it would be advantageous if the system had the ability to only allow one of the customers specified vehicles into the car park at any one time, or to link/assign the registration numbers to a name. However if not, the ability to analyse the use of registration numbers for periodic audit would be necessary.

**D. Civil Engineering**

The FC will procure the civil engineering works and the installation of fibre-optic cable required for the installation of the systems separate to this contract.

**As part of the civil engineering requirements we will ensure the following standard layouts:-**

- a. Lane widths – 2.7m to 3.5m
- b. Traffic islands of 1m wide by 6m long
- c. Access provision for motorcycles, pushchairs and pedestrians and cyclist.
- d. Ducting for power and data to each island and connection to supply
- e. Fibre optic data cable from visitor information building to barrier location
- f. Power supply to barrier location, pay station locations and PC terminal
- g. Cat 5/ fibre optic cable runs to pay station locations from visitor centre/ barrier units as required.
- h. Road marking and signage.
- i. Protection barriers and shelter enclosure as per specification requirements.

If your requirements differ significantly from the above details this must be declared in the tender.

**Functional Requirements**

1. Provide detailed specifications including base, location information, power and, barriers and shelter requirements for any machines, barriers, cameras to be installed.

**E. IT Requirements and Operating Programme**

The FC, as a Government agency, is going through the process of PSN accreditation. Your supporting IT system will stand-alone from the FC IT system and the FC will provide a phone line ADSL connection for the system for maintenance etc State the firewall protection your system uses.

**Essential requirements**

1. The system must provide secure data handling.
2. You must comply with the Data Protection Act 1998 requirements in processing and handling personal information.
3. You must be ISO27001 compliant for the systems that will access or process FC data, or some other recognised equivalent security standard. If you use some third party to physically hold the data (i.e. the computers, storage and networks) then that third party supplier also must meet the security requirements. Proof of compliance will be needed. You will be required to complete a SIAT self-assessment questionnaire for both yourself and for any subcontractors if you access or process FC data or access/connect to the FC network, and to remedy any identified security weaknesses. You will be required to agree to independent audit of your systems against the FC's security standard based on the SIAT questionnaire.

4. You must also comply with the current PCI-DSS and PA-DSS standards where systems handle or have access to any payment card information, including 3rd party suppliers to them.
5. The FC currently uses both Windows XP and Windows 7, therefore your system must be compatible with both of these operating systems.

### **Functional Requirements:**

1. The transfer of information from the supplier to the FC for the purposes of Discovery Pass/ sales will be required – see C above.
2. We need a comprehensive back-office analysis tool which allows reports such as frequency of visits to be generated by on site staff and the ability to update charging structures, payment periods etc on site. Therefore, provide details of your System and Management Information System including functionality and specification.
3. Where possible we require assistive technology (i.e. screen readers, text to speech software, etc).

### **F. Service contract**

The barrier systems will be installed at our major Forest Centres at Moors Valley in Dorset and Alice Holt near Farnham where the barrier systems are to be installed. They are very busy major Forest Centres and most of their business is done at weekends – we therefore require a maintenance service contract which covers 7 days a week, 365 days a year.

Provide details of your service options taking into account the requirements below and include an annual maintenance schedule including parts to be serviced, labour and time/pricing schedule of parts included/excluded. Please detail differences in your response for a labour and parts and labour option.

We require four maintenance visits per annum and would like them at a time of our choice to meet site demands on equipment use.

Also please detail your technical and software support and state lead-in times for updating machines for new coin and notes, and also software upgrades when they become available.

### **Essential requirements**

1. A maintenance service contract which covers 7 days a week
2. A 4 hour response time for emergency call outs. 24 hrs for non emergency.
3. Parts that are essential to the running of the system to be replaced within 48 hours.
4. In your response please detail how parts under warranty will be replaced and charged:

- a. if replacement due to fair wear and tear, or failure
- b. if replacement is due to vandalism, abuse, misuse or vehicle damage
- c. new or refurbished part policy
- d. supply of essential parts be kept on site.

### **G. Staff Training and Installation Support**

The introduction of any new system always requires a period of staff training and support from the supplier. We require at least one staff training day prior to the system going live. A comprehensive user manual should also be supplied in electronic formats (both PDF and MS Word, where possible). Costs for this manual and any training updates as systems develop should be detailed in your submission.

#### **Essential requirements**

1. We require onsite training.

### **H. Warranty**

As a minimum, the FC requires a warranty period of 12 months from date of installation of equipment. The warranty should provide for on-site service during normal working hours and replacement of defective parts due to normal wear and tear during the warranty period.

#### **Essential requirements**

1. The FC requires a warranty period of 12 months from date of installation of equipment

### **I. Sustainability and Environmental Benefits**

The FC is accredited for compliance to ISO14001 and as such we require all suppliers to aspire to this accreditation in their supply of goods and services. Applicants should consider this and include examples in their submission.

### **J. Design and Branding Guidelines**

The FC works within a set of brand guidelines. All sites have their own branding and colour scheme and this will need to be replicated in any screen displays. The FC requires the right to authorise the sign off of any screen design or infrastructure colour prior to its implementation.

FC would require the ability to upgrade the screen displays in house as and when required.

**Note: Tenderers must include details of any areas where they will not be able to comply with these requirements. If your Tender does not meet these requirements we reserve the right to reject it completely.**

## 4 Guidance notes for completing the ITT

### 4.1 Completing the ITT

Please answer every question. If the question does not apply to you, please write N/A. If you do not know the answer please write N/K.

**Warning: Please note that if you answer N/A or N/K to any question, we may reject your submission in full and will not evaluate any further questions.**

### 4.2 Supporting documents

To make the process straightforward, you do not need to provide supporting documents, such as accounts, certificates, statements or policies with your tender unless specifically requested to do so in sections A - J. However, we may ask you for these later. You may also be asked to clarify your answers or provide more details.

Your organisation will only be evaluated based on the information in your tender. Note that if you do not mention any previous experience of working with us in your reply we cannot take this into account. Please do not send any information that is general company or promotional literature, as this will not form part of our evaluation. Any additional documents you provide must refer to a question within the ITT and be easily identifiable as the answer.

### 4.3 Costs

All costs associated with taking part in this process remain your responsibility. We will not return any part of your completed tender to you.

### 4.4 Right to cancel or vary the process

We reserve the right to cancel or withdraw from the selection and evaluation process at any stage.

### 4.5 Confidentiality

You must treat all information we supply to you in confidence and do not disclose it to third parties, unless you need to obtain sureties or quotations for submitting your response.

The Government has set out the need for greater transparency across its operations to enable the public to hold public bodies and politicians to account. This includes

commitments about public expenditure, intended to help achieve better value for money.

As part of the transparency agenda, the Government has made the following commitments for procurement and contracting, note procurement is devolved to the Welsh and Scottish Administrations, so some of these requirements are not UK-wide at this time.

- All new central government tender documents for contracts over £10,000 are to be published on a single website from September 2010, and this information will be made available to the public free (except for contracts concluded in Scotland exclusively).
- New items of central government spending over £25,000 to be published online from November 2010.
- All new central government contracts with a value greater than £10,000 are to be published in full on a single website from January 2011, and this information will be made available to the public free (except for contracts concluded in Scotland exclusively).

Bidders and those organisations looking to bid for public sector contracts should be aware that if they are awarded a new government contract, as a public sector organisation, we will publish that contract. In some circumstances, some information will be made unreadable before they are published so we comply with existing law and for protecting national security.

As part of the tendering process, when submitting your bids, you should identify which pieces of information you regard as being sensitive and would not want published. We will then assess this information (along with the rest of the contract) against the exemptions set out by the Freedom of Information Act when considering which contractual information should or should not be published.

## 4.6 Consortia arrangements

If you are bidding as a consortium, you must provide the following information:

- full details of the consortium; and
- the information sought in this ITT for each of the consortium's constituent members as part of a single complete response.

You should provide details of the actual or proposed percentage shareholding of the constituent members within the consortium in a separate Annex. If as a consortium you are not proposing to form a corporate entity, please provide full details of alternative proposed arrangements in the Annex. However, please note we reserve the right to require a successful consortium to form a single legal entity under Regulation 28 of the Public Contracts Regulations 2006.

We recognise that arrangements about consortia may (within limits) be subject to future change. You should therefore respond in the light of current arrangements. We remind you that you must tell us about any future proposed change to your consortia so we can make a further assessment by applying the selection criteria to the new information you provide.

## 4.7 Sub-contractors

Where you propose to use sub-contractors, please give all information we ask for about the prime contractor. Where sub-contractors will play a significant role in the delivery of the services or products under any ensuing contract, please indicate in a separate annex (by inserting the relevant company or organisation name) the composition of the supply chain, showing which member of the supply chain will be responsible for the elements of the requirement.

We recognise that arrangements about sub-contracting may change. However, you need to remember that where sub-contractors are to play a significant role, any changes to those sub-contracting arrangements may constitute a material change and therefore may affect your ability to proceed with the procurement process or to provide the goods and, or, services.

## 4.8 Tender validity

All details of the tender, including prices and rates, must be valid for 90 days from receipt of tender.

## 4.9 Language

The completed tender and all accompanying documents must be in English.

## 4.10 Applicable Law

Any contract concluded as a result of this ITT will be governed by English law.

## 4.11 Pricing

All prices will be in sterling and exclusive of VAT.

## 4.12 Additional costs

Once we have awarded the contract, we will not pay any additional costs incurred which are not reflected in your tender submission.

## 4.13 Disclaimer

While the information in this ITT and supporting documents has been prepared in good faith by us, it may not be comprehensive nor has it been independently verified.

Neither the FC, nor their advisors, nor their respective directors, officers, members, partners, employees, other staff or agents:

- makes any representation or warranty (express or implied) as to the accuracy, reasonableness or completeness of this ITT; or
- accepts any responsibility for the information contained in the ITT or for the fairness, accuracy or completeness of that information nor shall any of them be liable for any loss or damage (other than in respect of fraudulent misrepresentation) arising as a result of relying on such information or any subsequent communication.

## 4.14 Inducements

Offering an inducement of any kind in relation to obtaining this or any other contract with us will disqualify you from being considered and may constitute a criminal offence.

## 4.15 Contract management

If we award a contract, you will have to co-operate in managing the contract, and comply with the contract management requirements, as detailed in the Statement of Requirements at Section 3.

## 5 Evaluation

### 5.1 Evaluation

We will evaluate responses to the tender objectively using the evaluation matrix at Section 5.5.

### 5.2 Gateways

Some questions in the tender are known as gateways and are fundamental requirements of the contract.

If you do not answer these questions appropriately, we may reject your submission in full and will not evaluate any more questions.

### 5.3 Specific questions

To make sure the relative importance of the questions is correctly reflected in the overall scores, we have applied a weighting system to each section of the tender.

The marks allocated for each question will be multiplied by the relevant weighting as shown for each section.

### 5.4 Award

Once we have carried out the evaluation and identified the successful tenderer(s), we will tell all tenderers in writing by email of our intention to award.

#### 5.4.1 Standstill Period

We will apply a standstill period of 15 calendar days minimum between the notification of intention to award, and the start of the contract.

#### 5.4.2 Debriefing

We will give **all bidders** the opportunity of a debriefing. Please tell us in writing as soon as possible if you want a debriefing. We provide a formal debrief within 15 calendar days of receiving a request.

## 5.5 Evaluation matrix

Section	Title	Weight	Agreed Marking Criteria
A	Form A – Organisation and Contact Details	Mandatory  Question A20 – Pass/Fail	Completion of this Section is mandatory and is for our information purposes. We may confirm company identity and basic details with external bodies.  You must either be able to answer 'no' to the question posed, or if answering 'yes' have provided an explanation which is acceptable to the Forestry Commission. If you answer 'yes' to the question and do not provide an explanation, or if the explanation you provide is deemed unacceptable, you will fail this section.
A	Form B – Grounds for Mandatory Rejection	Pass/Fail	If you cannot answer 'no' to each of questions (a) to (f) and 'yes' to each of questions (g) to (j) in this section it is very unlikely that your application will be accepted and you should contact us for advice before completing this form.
A	Form C – Grounds for Discretionary Rejection	Pass/Fail	If you answer 'Yes' to any questions relating to discretionary rejection you may fail this section. however we will look for information from you that clearly indicates that any past conduct or problem has been resolved and that steps have been taken to prevent its recurrence. If we are satisfied that this is the case, you will pass this section.
B	Financial	Pass/Fail	You must be able to provide at least one of the items of financial evidence set out in section B. The key objective is for us to analyse your financial position and determine the level of risk that it would present to us – having regard to the requirement and value, criticality, and the nature of the market.
C	Health and Safety	Pass/Fail	You must provide the information we have requested in Section C.
D	Insurance Details	Pass/Fail	You must have the required levels of insurance as requested in section D. If you do not have these, you must confirm that you will get them, if successful, before the contract start date. If you cannot confirm this, you will fail this section.

E.1	<p><u>Gateway Questions</u></p> <p><u>Essential Requirements</u></p>		
1	A1-9 Ticketless Barrier System With ANPR	Pass/Fail	To pass this gateway you must comply with the essential requirement in A1-9, providing evidence of how you comply.
2	B1-6 Pay on foot Paystations	Pass/Fail	To pass this gateway you must comply with the essential requirements in B1-B6, providing evidence of how you comply.
3	E1-5 IT Requirements and Operating Programme	Pass/Fail	To pass this gateway you must comply with the essential requirements in E1-5, providing evidence of how you comply.
4	F1-4 Service Contract	Pass/Fail	To pass this gateway you must comply with the essential requirement in F1-F4, providing evidence of how you comply.
5	G1 Staff training and installation support	Pass/Fail	To pass this gateway you must comply the essential requirement in G1, providing evidence of how you comply.
6	H1 Warranty	Pass/Fail	To pass this gateway you must comply with the essential requirement in H1, providing evidence of how you comply.

## Part A – Form C – Grounds for discretionary rejection

### Important Notice

We are entitled to exclude you from consideration if any of the following apply but may decide to allow you to proceed further.

If you answer 'Yes' to any question in this section it is very unlikely that we will accept your application, and you should contact us for advice before completing this form. In the event that any of the following do apply, please set out (in a separate Annex) full details of the relevant incident and any remedial action taken subsequently. We will take into account the information you provide when considering whether you will be able to continue with this procurement exercise.

We are also entitled to exclude you in the event you are guilty of serious misrepresentation in providing any information referred to within Regulations 24 or 25 of the Public Contracts (Scotland) Regulations 2012 or Regulations 24 or 25 of the Public Contracts Regulations 2006 (as amended from time to time) or you fail to provide any such information requested by us.

Please state 'Yes' or 'No' to each question.

Is any of the following true of your organisation?	
<p>(a) <u>being an individual,</u> is a person in respect of whom a debt relief order has been made or is bankrupt or has had a receiving order or administration order or bankruptcy restrictions order or a debt relief restrictions order made against him or has made any composition or arrangement with or for the benefit of his creditors or has made any conveyance or assignment for the benefit of his creditors or appears unable to pay, or to have no reasonable prospect of being able to pay, a debt within the meaning of section 268 of the Insolvency Act 1986, or article 242 of the Insolvency (Northern Ireland) Order 1989, or in Scotland has granted a trust deed for creditors or become otherwise apparently insolvent, or is the subject of a petition presented for sequestration of his estate, or is the subject of any similar procedure under the law of any other state;</p>	
<p>(b) <u>being a partnership constituted under Scots law,</u> has granted a trust deed, or become otherwise apparently insolvent, or is the subject of a petition presented for sequestration of its estate; or</p>	
<p>(c) <u>being a company or any other entity within the meaning of section 255 of the Enterprise Act 2002</u> has passed a resolution, or is the subject of an order by the court for the company's winding up otherwise than for the purpose of</p>

bona fide reconstruction or amalgamation, or had a receiver, manager or administrator on behalf of a creditor appointed in respect of the company's business or any part thereof or is the subject of similar procedures under the law of any other state?	
(d) Any of the senior personnel have been involved (in a similar position) in any company which has gone into insolvent liquidation, voluntary arrangement, receivership or administration or been declared bankrupt.	
<b>Has your organisation</b>	
(a) been convicted of a criminal offence relating to the conduct of your business or profession;	
(b) committed an act of grave misconduct in the course of your business or profession;	
(c) failed to fulfil obligations relating to the payment of social security contributions under the law of any part of the United Kingdom or of the relevant State in which you are established; or	
(d) failed to fulfil obligations relating to the payment of taxes under the law of any part of the United Kingdom or of the relevant State in which you are established;	
e) and/or any or your contractors had a gangmasters licence refused or revoked for any reason in the past; and	
f) had a contract cancelled, or not renewed, for failure to perform nor been the subject of a claim (contractual or otherwise) based upon a failure of quality in design, work, materials or services within the last three years.	

Please state within the box below if there are any specific areas of questioning in this section with which you cannot comply. Please note that this may invalidate your submission, but you should provide details that will enable the Forestry Commission to decide whether to let you progress further in the process, should the reasoning be satisfactory when it applies to one of the discretionary exclusion conditions.

## Part B – Financial

### Economic and Financial Standing Regulation

Bidder’s responses to Part B will be used to undertake an assessment of your organisation’s economic and financial standing. You will be contacted by us if this assessment identifies that a parent or other type of guarantee is required.

<b>Weighting: This is a Gateway Section (Pass/Fail)</b>		
B1	Please provide one of the following set out below:-	
	A copy of your audited accounts for the most recent two years.	
	A statement of your turnover, profit and loss account and cash flow for the most recent year of trading.	
	A statement of your cash flow forecast for the current year and a bank letter outlining the current cash and credit position.	
	Alternative means of demonstrating financial status if trading for less than a year.	

## Part C – Health and safety

This section allows us to assess your competency to manage health and safety. We have provided some guidance to help you understand the requirements for each area. You may also find it useful to refer to the Health and Safety Executive (HSE) website for some guidance before completing this section. You can find this here: <http://www.hse.gov.uk/>.

### General health and safety questions

	Question	Yes	No
1	Does your organisation have a written Health and Safety Policy?		
	<b>Note:</b> if your organisation has less than 5 employees, the Forestry Commission still requires you to have a written Health and Safety Policy.		
2	Please provide details of the health and safety training you provide to employees, relevant to this contract. If you do not provide any training, please tell us why this is not necessary. From your answer we will decide whether the training is appropriate or required for this contract.		

## Part D – Details of insurance policies

<b>Weighting: This is a Gateway Section (Pass/Fail)</b>				
<b>You must either confirm that you have these levels of insurance in place for each and every claim rather than on an aggregate basis or, alternatively, undertake that should you be awarded a contract under this procurement such levels of insurance will be available to you and that you undertake to maintain these levels of insurance for the duration of the contract.</b>				
<b>Insurance Policy</b>	<b>Indemnity Value (£)</b>	<b>Yes</b>	<b>No</b>	<b>Will secure if successful</b>
Employers Liability (This is a legal requirement. There are a small number of exceptions. Please refer to HSE Guidance HSE 40 Employers Liability Compulsory Insurance Act 1969)	Min £5m per claim			
Public Liability	Min £5m per claim			
Products Liability	Min £2m per claim			
Plant Insurance The FC being a government body does not carry insurance. Please give an undertaking that all plant supplied will be insured to cover all eventualities and that any additional premium is included in the rate supplied.				
<b>If you do not undertake to secure the stated levels of insurance, we will not consider your submission.</b>

## Part J – Certificate of *bona fide* tendering

### **Weighting: You must complete this section.**

Tender No: AHMVCP2014  
Due for Return by: 8<sup>th</sup> December, 2014  
Subject: Ticketless ANPR car park barrier system

---

The essence of selective tendering is that the Forestry Commission will receive *bona fide* competitive tenders from all those tendering. In recognition of this principle, we certify that this is a *bona fide* tender, intended to be competitive, and that we have not fixed or adjusted the amount of the tender by or under or in accordance with any agreement or arrangement with any other person. We also certify that we have not done and we undertake that we will not do so at any time before the hour and date specified for the return of this tender any of the following acts:

- communicate to a person other than the person calling for those tenders the amount or approximate amount of the proposed tender, except where the disclosure, in confidence, of the approximate amount of the tender was necessary to obtain premium insurance quotations required for preparing the tender;
- enter any agreement with any other person whereby they will refrain from tendering or as to the amount of any tender to be submitted;
- offer or pay or give or agree to pay any sum of money or valuable consideration directly or indirectly to any person for doing or having done or causing or having caused to be done in relation to any other tender or proposed tender for this work any act or thing of the sort described above.

In this certificate, the word “person” includes any individual, partnership, association, or body either corporate or unincorporated; and “any agreement or arrangement” includes any such transaction, formal or informal, and whether legally binding or not.
