

Minibeasts!

Minibeasts are everywhere,
Underground and in the air,
In places where we wouldn't dare.
Yes, minibeasts are everywhere.

Minibeasts are everywhere,
In ponds and trees and in your hair!
They seem to live without a care.
Yes, minibeasts are everywhere

Minibeasts are everywhere,
With names like Slug and "Woolley Bear",
Dragonfly and Grasshopper.
Yes, minibeasts are everywhere.

Minibeasts are everywhere,
They run or fly from here to there.
So take some time to stop and stare,
'cos minibeasts are everywhere.
